

DESCRIBE Canada's present moment.

What are the most concerning DEPLETED and POLLUTED RESOURCES?

Recycling program losing credibility re: shipped offshore and becomes someone else's problem

Our human waste should be a resource, not a source of pollution

fresh water

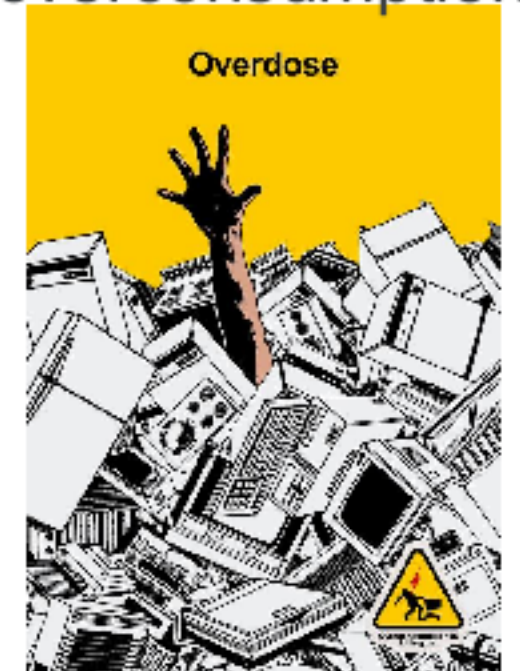

Soil is so important

our oceans are out of balance

Forests are polluted with glyphosate

overconsumption

Use text, images and/or doodles to create an inspiring collective vision board!

June 11, 2022

Societal change

ENVISION Canada's evolution over the next decade.

Describe what a landscape of CONSERVED & HIGH QUALITY RESOURCES looks like.

Rights of Nature / Protecting Mother Earth

Food democracy, energy democracy, resource democracy

Recognizing that we are part of the ecosystem - not separate from it

Rebuild the traditions and knowledge that we destroyed

Regenerative farming is coming to life

we have to produce food.

Conservation over profits

Educating what CE actually IS (and isn't: <https://www.youtube.com/watch?v=YAKOWcs8w54>)

Extended producer responsibility

70's style urban gardening?

Right to repair

THEORY OF CHANGE

What are the main **OBSTACLES** to reaching our environmental and social justice goals?

What **ACTIONS** do we need to **TAKE** to overcome them?

Incentive
